

TERRA NOA

ANTARCTICA, WILD POLE

52' HD

TERRANOVA

The yearly migration to the South Pole offers an exciting wildlife festival set in the most magnificent and changing landscape. Our story will take you during the short Antarctic summer season to meet with whales, penguins, sea lions and packs of Killer Whales. Between mating and new born season, the daily feeding routine becomes a danger zone.

Experience the dramatic story of our main protagonists determined to be the fittest!
