

CULTURE & STREET

6X52'

Nadia Mechaheb is a hip-hop dancer and a sporty woman radiant with joy and she has a passion for urban cultures. She explores the latest in street culture visiting iconic cities. From New-York to Dakar, Nadia meets with the people who transform the street into a place of expression and creativity.

AVAILABLE - New-York, Dakar, Bogota, Athens

DELIVERY JULY 2023 Taiwan, Le Cap

PHILIPPE ECHAROUX
THE WOLRD IN LIGHTS

3X52'

Philippe Echaroux is a portrait photographer who projects giant faces on city walls, and on natural settings. With a strong commitment to the protection of minorities and the environment, Philippe uses the power of his images to bring awareness on the fate of communities hardly hit by climate change and globalization.

AVAILABLE - Namibia

DELIVERY JUNE 2023 - Lapland

DELIVERY OCTOBER 2023 - Japan

CAMARGUE : WILD PARADISE

2X52'

Discover on land and at sea the pristine landscapes and unique biodiversity of the Camargue natural reserve. Situated by the Rhone River delta at the crossroad between fresh water and salt water this series offers rare insights into the little-known marine species living in the coastal waters.

ARTS & CULTURE

SEAN PENN, BORN TO BE WILD

52'- OPEN FOR PRE-BUY

An actor, director, and mostly a restless provocateur: Sean Penn is the perfect Hollywood animal. He masters all the rules but never follows them. Two Oscars, one Golden Globe, and one Silver Bear... He was acclaimed by his peers although he kept on running against the tide and distorting Hollywood's greatest myths. Ultimately Sean Penn embodies America's outsiders and protesters.

DELIVERY JANUARY 2024

SAGRADA FAMILIA
GAUDI'S CHALLENGE

90' & 52'

The construction site has been relaunched over the last fifteen years, notably around the erection of ten additional spires that dominate the building. This work allows us to dive back into the creative process of Gaudi by restoring his sources of inspiration and his obsessions, through fiction and thanks to 3D technologies. If the work is to be completed in 2026, the date of Gaudi's centenary, many obstacles remain to be overcome.

PLANET CAKES

4X52'

While they all have different backgrounds, one thing that binds them is... PATISSERIE! Not just any patisserie, but the one we admire as we would a work of art, the one that, when savored, immediately immerses us into the heart of nature. A pastry that breathes and that makes us vibrate, to the point of turning us on our heads.

FINISH YOUR PLATE!

6X26'

Finish your plate revisits in a fresh fun way our eating habits, table manners and the history of food. Food culture is an endless subject of fascination which tells us about our history and social behavior and the global world we live in. Mix these three ingredients and travel the world to learn fascinating and little-known facts.

JAVIER BARDEM'S
METAMORPHOSIS

52'

Javier Bardem is a chameleon-like actor, a man of a thousand faces, who has made bold artistic choices. The film takes a look into Bardem's "metamorphosis", to reveal the actor's creative process. Mixing film and making-of extracts with interviews of personalities who worked with this artist, this film is a revealing portrait of this multi-awarded movie artist.

LINE-UP SUNNY SIDE 2023

BOOTH #A15

TERRANO

HISTORY: 20TH CENTURY

PINK TRIANGLES,
HOMOSEXUALS FACING NAZISM

52' - OPEN FOR PRE-BUY

Based on the latest historical research and recently discovered archives this film details the mechanisms of repression led by the Nazi regime against men and women because of their sexual orientation. Thanks to testimonies from victims originating from Germany, Austria, France, Switzerland, Poland and the Netherlands, this film tells the fate of these homosexuals who had to wear the infamous Pink Triangle sign in the camps.

DELIVERY OCTOBER 2023

PERU: SACRIFICES IN THE
KINGDOM OF CHIMOR

90' & 52'

An unprecedented archeological discovery of several hundred sacrificed children and llamas opens the gates to the Kingdom of Chimor set in today's Northern Peru. Told as a cold case, this international archeological investigation is set to unveil the mysteries of the most powerful Andean civilization before the Incas, which thrived for over five centuries.

CHILDREN OF CHAOS, WHAT
BECAME OF WW2 ORPHANS

90' & 2X45' & 52'

12 million orphans roamed in the debris of Europe in 1945. Through colorized archives, testimonies of survivors and reenactments, our film relates this unknown episode of the immediate post-war period when the UNRRA was set up by the victorious allies to decide on the fate of these children.

POMPEII: BURIED SECRETS
OF THE VILLA GIULIANA

52'

Pompeii. The name itself conjures images of disaster. Under the Ancient Roman town, buried by volcanic pumice and ash nearly 2000 years ago, Italian archaeologists have uncovered a strikingly modern city street complete with fast food roadside taverns and a chariot that some have called the Lamborghini of the ancient world.

AFTER CHAOS

4X52'

Between wartime destructions and immediate post war reconstruction efforts after 1945 this series brings back to life the fate of four emblematic cities razed to the ground by intensive bombing. Using state of the art visual effects, see how Le Havre, London, Warsaw and Berlin re-invented themselves in record time. Post War engineering at its best!

THE TRUE STORY OF PIRATES

90' & 52'

Pirates have fascinated Hollywood and Popular culture for long. With the contribution of the leading historians, this film questions how much we really know about the true life of these sea-fearing heroes. Thanks to new underwater and on-land excavations in Mauritius and Madagascar, archeologists are able to draw a new portrait of the world of piracy in the Indian Ocean.

ANCIENT CIVILIZATIONS / INVESTIGATIVE ARCHEOLOGY

VASA: THE GHOST WARSHIP

2X52' - OPEN FOR PRE-BUY

The Vasa, a legendary Swedish warship, sank just hours after embarking on its doomed maiden voyage in 1628. More than 3 centuries later, in 1961, the sunken wreck was salvaged almost completely intact. Now, divers are poised to plunge down to make new discoveries. Progress on DNA sample identification is enabling scientists to give a face to some of the crewmembers and bring them back to life for the first time.

DELIVERY SEPTEMBER 2023

THE MYSTERIES OF
THE COSQUER CAVE

52'

The entry to the most important underwater decorated cave in Europe hides 35 meters under sea level in Southern France. The paintings discovered 20 years ago, date back 30,000 years and are threatened by rising waters. A full-sized replica of the cave is being constructed to preserve them. The film follows this ambitious artistic and scientific project alongside the prehistorians and craftsmen.

COMPANY PROFILE AND CONTACT

Since 2000 Terranoa has established itself as one of the leading French distribution companies and has become a benchmark for innovative high-end factual programmes, working with independent producers worldwide. We facilitate copros and prefinancing on projects at all stages of production. With over 2,500 hours of carefully curated content our seasoned distribution team serves all segments of the market. CRIME AND INVESTIGATION

LAC-MEGANTIC
this is not an accident

Just after midnight, the last few pounds of air hiss out of a 10,290-ton oil train. Powered only by gravity, the runaway train descends. The fuel explodes, 47 are dead, incinerating downtown Lac-Mégantic. This was no accident. The series investigates one of the worst oil train tragedies in history with the help of the survivors who share their most intimate stories of lost loved ones and calls for tighter security regulations.

MOOCHIE
WHO KILLED JILL HALLIBURTON SU?

September 2014 Jill Halliburton Su is found brutally murdered in her home. The police's only evidence is a trace of DNA pointing to Dayonte Resiles, nicknamed Moochie, a 20-year-old black man with no history of violence or apparent motive. By turns charming and troubling, the ambiguous character at the center of the trial fuels an uneasy suspense.

IF YOU KILL, CALL ME
NARCO LAWYERS CONFIDENTIAL

A unique access investigation on the secretive world of narco-lawyers. They are the corner stone of a complex legal system surrounding narcotrafficking rarely seen on TV. Featuring El Chapo's lawyer, La Reina del Pacifico... meet these influential and secretive protagonists in Mexico, Colombia, USA.

CURRENT AFFAIRS & SOCIAL ISSUES

BOLSONARO/ LULA
CLASH OF THE TITANS

Shot over the last 6 months of the campaign the film portrays a country divided as never before. The structure weaves around the core values and main themes which fracture the Brazilian society today: the place of religion, poverty and unemployment, minorities, Health and Environment. This film helps viewers decipher the stakes of the last election and see Brazil from the inside.

Also available BOLSONARO, BRAZIL UNDER PRESSURE

COBALT RUSH:
THE FUTURE OF GOING GREEN

Tomorrow's world depends on a strategic mineral used in batteries: cobalt. Mainly present in Congolese soil, it is exploited at colossal environmental and human cost. Child labour, water and air pollution, modified DNA, corruption. The film investigates the corporate and geopolitics playing out and questions the consequences of this battle being waged: how the promise of a "better world" can go with social justice.

JURASSIC CASH

75' & 52' Dinosaur fossils are the new gold with record breaking auction sales every year. From Jurassic World to Jurassic Cash, will science and museums be deprived of these dinosaur skeletons? The film grants exclusive access to the largest Triceratops sale taking place in Paris in October 2021 and meets private collectors and paleontologists to nourish the debate and question the best way to combine private funding with science.

SOCCER GRANNIES

52' South African grandmothers who are soccer enthusiasts travel to France during the Women's World Cup and challenge French women living in senior residences to a match. Each of these players, by their journey and determination, will shake up the pre-conceived ideas about women and old age. This match is the starting point of a meeting that goes beyond sports, ages and borders.

FIFA WOMEN'S WORLD CUP AUSTRALIA & NEW ZEALAND - July-August 2023

PICTURES FROM...

5X52' Accompany war photographer David Pratt as he revisits the conflict zones where he has taken the most searing images of a forty year career. Turning a personal lens on the wars of the recent past. Revisiting traumas and friendships. All through an extraordinary and exclusive archive of photographs and video.

AVAILABLE - Afghanistan, Iraq, Balkans, Ukraine (2x52').

THE TINDERBOX

90' & 52' & 2x52' A rare and thought-provoking examination of both sides of the Israeli-Palestinian conflict, from its catalyst to why it still rages, to what needs to happen for it to stop. While providing historical context, the film also shows the human face of this conflict by hearing from a wide variety of contemporary voices. A deeply personal journey challenging everything you know about the conflict.

SPACE

COLLISIONS: LIFE AND DEATH FROM OUTER SPACE

52' - OPEN FOR PRE-BUY This film investigates further on why Asteroids matter and what they tell us about the seeds of our origins while being a major threat if they hit our planet Earth. With access secured to all major international space missions, this highly visual impact film will bring viewers right at the heart of the deep impact Day (22d Sept 2022) and reveal sciences latest breakthroughs on how to best divert the course of theses celestial bodies.

DELIVERY SEPTEMBER 2023

SCIENCE & ENVIRONMENT

HUMAN METEORITE:
TRACKING THE ANTHROPOCENE

52' - OPEN FOR PRE-BUY

Meteorites bombardment have led in the past to a change of Era. Today in the course of 150 years the Human imprint has grown to such an extent that us humans have become the driving force behind the new geological era called the Anthropocene. Proving this reality is at the heart of an international scientific investigation. Their goal: establish the scale and lasting imprint of man-made pollution in the geological layers of the Earth.

DELIVERY END 2023

CAMEL'S NANOBODIES:
A MEDICAL REVOLUTION

52' This is the story of a mighty antibody that only camels, llamas and other camelids possess. Discovered by chance a few decades ago, it is now at the heart of medical innovation in the battle against infections, cancer and Alzheimer's disease. From the lucky discovery to the applications and hopes it raises, the film tells for the first time the story of this medical revolution with the power to heal the world.

DELIVERY JUNE 2023

TOP OF THE ROCKS

5X52' A 360° journey across the planet around five iconic stones: Granite, Limestone, Sandstone, Basalt, Clay, which have shaped our planet and have inspired human civilizations. An ambitious 4K series to reveal the way the mineral world connects cultures together and still impacts our environment today.

NATURAL DISASTERS:
MEGA REGULATORS

90' & 52' Natural disasters never come alone! Discover how these phenomena interact on a global scale as mega regulators. For the first time researchers are decoding the mechanics of our climate establishing links between a cyclone and an earthquake. We're uncovering the secrets of a suffering natural world which recreates itself as it gets destroyed.

WHEN OCEANS THREATEN CITIES

90' & 52' Today, twenty-two megacities around the world are home to more than ten million people - and fifteen of them are located by the sea! Hurricanes, storms, tempests and floods are putting these urban hubs at risk. Salt or erosion are also seriously affecting coastal megacities which are now up against the wall. New York, Rotterdam and Singapore must revisit their relationship with water in order to survive on the long run.

MAKING PANDEMICS

2X52' & 107' Over the last forty years, humanity has been confronted with at least one new infectious disease per year. 70% of these emerging diseases are zoonoses, diseases transmitted from animals to humans. French Actress Juliette Binoche seeks to understand the causes of this "epidemic of pandemics". She travels and meets with scientists from all over the world on the field, to understand the links between human health and the health of ecosystems. An eye-opening film at the heart of a global health issue.

THE CLOUD PEOPLE

52' What do we know about clouds? About their birth and death? About their role in climate change? At the beginning of the 20th century, a Japanese scholar, Abe Masanao, devoted his life to filming and studying clouds around the world. A century later, a major international campaign of cloud observation takes place, on the island of Barbados, in the Caribbean to measure clouds dynamic in this exposed environment subject to hurricanes.

WILDLIFE

ECUADOR ON THE WILD SIDE

2X52' Discover the most well preserved biotopes in the world and meet with the most emblematic endemic species: Macaws, Toucans, Hummingbirds, Condors, monkeys, marine iguanas, turtles, sea lions, etc. These species have evolved with the rise of the Andes and the appearance of the Galapagos Islands 4.5 million years ago, but today the growing deforestation and the climate change puts them at risk.

DELIVERY JUNE 2023

DECODING ANIMAL CULTURE

3X52' - OPEN FOR PRE-BUY What if culture was not limited to humans? A wide range of behaviors being deciphered reveals how culture plays a vital role in the life of animals and in the species survival. Science's latest findings unveil a whole new world awaiting to be explored and understood. Join us in the first series documenting animal culture on a global scale.

DELIVERY SEPTEMBER 2024

ANIMAL CONSTRUCTION

3X52' & 52' BEST OF A series documenting animal genius and inventiveness in their building abilities and strategies. Discover how they use incredible skills to build defensive or protective shelters. Their engineering know how seems endless! Discover smart locking systems, megacities made of huge lofts structures and a few more surprising facts!
