# THE OBAMAS:

THE SECRET STORY OF A RIVALRY

52'

A political game of chess

HD

Watch these four charismatic figures and bigger than life characters evolve over a decade at the forefront of the US political scene. These two utterly Mediatic couples united in marriage and politics for better or worse, offer a fascinating reflection of our Times. They stand on the same side of the political spectrum and share a common vision for America although they have been in turn fervent opponents and outstanding allies. Their story is one of a gigantic game of chess combining love, betrayal, power and money.
