3x52'

HD

Who are the fashion designers who have spread new trends and reshaped style in the early 2000s? Where do they come from? This series will revisit what this new generation of talents has brought to the World of Fashion.

Each episode is dedicated to one particular School of influence and its continuity in the history of fashion, from the Anglo-Saxon wave (Galliano, Jacobs, Mc Queen, etc.) to the Nordic school of talents (Viktor&Ralf, A.F. Vandervorst, etc.) and the French Nouvelle Vague (K. Lagerfeld, Versace, JP Gaultier).
