HD

TERRANOVA

The Rhine River is a core element of the European soul, the greatest and most important waterway on the continent. For thousands of years, it has forged unique cultural landscapes in which mankind and nature have mutually shaped each other, as it snakes its way down from the High Alps to the North Sea. Discover its banks through breathtaking aerial images (Cineflex camera) and meet the people who live along and live from the river.

Episode 1: Born In The Alps

Episode 2: Nature's Best Through Basel in Switzerland and Strasbourg in France to Mainz in Germany

Episode 3: The Legends Of A River Beyond Bingen

Episode 4: A Busy River Between Cologne and Duisburg,

Episode 5: Grande Final From Emmerich, to the Netherlands

Producer: Vidicom/ Arte
Director: Various
